(a) **Contractor's Proposal.** The Contractor's Proposal dated 12 March 2009, as amended, is hereby incorporated into the contract.

(b) **Notice To Proceed.** The Contractor shall take no actions on this contract, or incur any costs, without the Contracting Officer's official written notice to proceed. It is anticipated that this notice to proceed will generally be issued when the Contracting Officer determines that there is no threat of protest. The base year of this contract shall begin as specified in the notice to proceed.

(c) **Contract Life.** The total contract life, subject to exercise of FAR Clause 52.217-9, Option to Extend the Term of the Contract, is 108 months from the date specified in the written notice to proceed. The contract includes a three-year base period; with one, two-year option period; and one, four-year option period. The following is the breakout for the base period and the option periods.

Base Period: 24 July 2009 to 23 July 2012
Option Period 1: 24 July 2012 to 23 July 2014.
Option Period 2: 24 July 2014 to 23 July 2018.

(d) **Type of Contract.** This is an indefinite-delivery/indefinite-quantity (ID/IQ) contract with firm-fixed-price (FFP) contract line item numbers (CLINs).

(e) **Contract Minimum and Maximum Amount.** The guaranteed minimum amount of this contract is \$20,000. The maximum amount of \$418,517,764 applies to all the Automatic Identification Technology(AIT-IV) contracts (i.e., all contracts awarded against RFP W91QUZ-09-R-0003). The aggregate amount of all delivery orders, task orders, and Governmentwide commercial purchase card (hereinafter referred to as "purchase card") orders placed against all AIT-IV contracts shall not exceed \$418,517,764.

(f) **Delivery Requirements.** The Contractor shall start accepting orders within 10 days from the date of the written notice to proceed. If an order contains only hardware and software, the Contractor shall tender items for inspection and acceptance by DCMA. The Contractor shall deliver hardware and software items to the destination specified in the order within 45 days after date of order for all orders (SF 1449). In the event a Certificate of Conformance is authorized for use, the Contractor shall deliver hardware and software items to the destination specified in the order within 45 days after the date of the order. However, see FAR Clause 52.211-15, Defense Priority and Allocation Requirements, under the heading "Clauses Incorporated by Reference." The Contracting Officer issuing the order may arrange for a longer delivery period. Additionally, the Contracting Officer may order expedited delivery of items, in which case, the Contractor shall deliver the items in accordance with the paragraph entitled "Expedited Delivery" in this Part. Partial delivery is authorized, unless specified otherwise on the Delivery Order. The period of performance shall be stated on each order for Technical Engineering Services (TES), Training Services, and Maintenance Services. Orders shall be mailed or notice of award furnished to Contractor no later than date of order (FAR 11.403). All delivery and performance schedules include the three-day Contractor review time for acceptance or rejection of orders.

(g) **Ordering Period.** All ordering after the Base Period is subject to the Government's Option to Extend the Term of the Contract. Also, any period during which there is a suspension of performance as a result of a bid protest shall not constitute part of the Ordering Period.

1. Hardware, software, documentation, consumables, training, and TES may be ordered for 60 months from the date specified in the written notice to proceed (which is 24 July 2009), subject to the Government's requirement to exercise Option Period 1 (see paragraph "Contract Life" in this Part).

2. Maintenance may be ordered from the date the warranty expires through the remaining life of the contract.

(h) Delivery Orders/Task Orders/Governmentwide Commercial Purchase Card Orders.

1. Ordering will be decentralized using the procedures set forth in paragraph entitled "Ordering Procedures for Orders Exceeding \$3,000" in this Part. Orders may be placed by any authorized Contracting Officer or purchase card holder supporting the Department of Defense, the United States Coast Guard (CG), North Atlantic Treaty Organization (NATO), Coalition Partners, other Foreign Military Sales (FMS), and other Federal agencies. Ordering Contracting Officers and purchase card holders are empowered to place orders in accordance with the terms and conditions of the contract, the Federal Acquisition Regulation (FAR) and applicable supplements, and their own agency procedures. Any request for deviation from the terms of this contract must be submitted to the PCO, who will be identified under separate cover.

2. All delivery orders, purchase card orders, and task orders issued hereunder are subject to the terms and conditions of this contract. The contract shall control in the event of conflict with any order.

3. All requirements under this contract will be ordered by issuance of an SF 1449, purchase card form, or other authorized form.

4. In addition to any other data that may be called for in the contract, the following information shall be specified in each order as applicable:

(A) Date of order

(B) Contract and order number (Note: Delivery order numbering shall be in accordance with DFARS 204.7004 – Only the issuing office (ACC-RI) is authorized to use the numbers 0001-9999).

(C) Point of contact (name), commercial telephone and facsimile number, and e-mail address

(D) Ordering Contracting Officer's commercial telephone number and e-mail address

(E) Description of the supplies to be provided, quantity, and unit price (TO INCLUDE THE CONTRACT LINE ITEM NUMBER (CLIN) AND/OR SUBCONTRACT LINE ITEM NUMBER (SLIN) FROM Schedule of Supplies/Services. Defense Financing and Accounting Service (DFAS) requires the CLIN/SLIN numbers to be reflected on the SF 1449s (or purchase card form) in order to do initial entry of orders into their automated payment system. When the Contractor submits a request for payment, DFAS will compare the request for payment of CLIN/SLINs with the order CLIN/SLINs. Use of item numbers in Block 19 on the SF 1449 and not CLIN/SLIN numbers will result in payment delays and excessive administrative costs to both the Contractor and the Government).

(F) Delivery date for supplies and performance period for services (see Delivery Requirements, Part C-1-1).

(G) Address of place of delivery or performance to include consignee.

(H) Packaging, packing, and shipping instructions, if any.

(I) Accounting and appropriation data and Contract Accounting Classification Reference Number (ACRN). (DFAS requires an ACRN(s) on all orders.)

(J) Invoice and payment instructions to the extent not covered by the contract.

(K) Orders for known Foreign Military Sales requirements shall clearly be marked "FMS requirement" on the face of the order, along with the FMS customer and the case identifier code.

(L) If an Army order, a completed copy of the Army Electronic Invoicing Instructions contained in this Part).

(M) Any other pertinent information.

5. Each delivery order and task order issued under this contract via appropriate form in compliance with FAR 12.204 shall be forwarded to the appropriate Service/Agency Centralized Order Processing Office (COPO) for verification and validation. All U.S. Marine Corps purchase card orders for \$25,000 or more shall be submitted to the appropriate COPO for verification and validation. All other Service/Agency purchase card orders shall be processed in accordance with the Service/Agency procedures. **Purchase card orders are required to follow procedures stated in the paragraph "Ordering Procedures for Orders Exceeding \$3,000" in this Part C-1-1.**

6. All orders except credit card orders requested by the Army, Coast Guard, and, other Federal Agencies shall be submitted to the Product Manager, Joint-Automatic Identification Technology (PM J-AIT) COPO for the assignment of a unique control number (UCN). Other Services should submit each order to their individual Service COPO for the assignment of a UCN for tracking purposes only. Upon receipt of approval from the National Capital Region Contracting Center Contracts Office, Government contractors authorized to use the AIT IV contract can order directly from the AIT IV vendor and are not required to obtain a UCN from a COPO.

7. The COPOs will forward the order to the Contractor. Distribution of orders shall be made by the ordering contracting offices, in accordance with FAR 4.2, DFARS 204.2, and agency procedures.

8. Issuance of an order shall be defined as the date order is awarded (see also paragraph entitled "Delivery Requirements" in this Part).

(i) Ordering Procedures for Orders Exceeding \$3,000.

1. In accordance with FAR 16.505(b) for all orders exceeding \$3,000, but not exceeding \$150,000, the Ordering Contracting Officer shall give every AIT-IV Contractor a fair opportunity to be considered for a delivery or task order unless one of the exceptions to fair opportunity applies (see paragraph 3 below). All of the AIT-IV contracts can be viewed at the website listed in the paragraph "Posting of Contract" in this Part. The Ordering Contracting Officer must document his/her rationale if applying one of the exceptions to fair opportunity; no special format is required.

2. All orders exceeding \$150,000 shall be placed on a competitive basis in accordance with FAR 16.505 and, if a DoD order, DFARS 216.505-70(c) unless a "Justification for an Exception to Fair Opportunity" is prepared in accordance with FAR 16.505(b)(2)(ii)(B). The requirement to place orders on a competitive basis is met only if the Ordering Contracting Officer provides a notice of intent to purchase to all AIT-IV Contractors in accordance with paragraph 4(b) below and affords all AIT-IV Contractors responding to the notice a fair opportunity to submit an offer and to be fairly considered. Orders exceeding \$150,000 that are not issued on a competitive basis are subject to the public posting requirements set forth in FAR 16.505(b)(2)(ii)(D).

3. The applicable exemptions to the fair opportunity (FAR 16.505 (b)(2)) and competitive-basis requirements set forth in the preceding paragraphs are:

(a) The agency need for the supplies or services is so urgent that providing a fair opportunity would result in unacceptable delays.

(b) Only one awardee is capable of providing the supplies or services required at the level of quality required because the supplies or services ordered are unique or highly specialized.

(c) The order must be issued on a sole-source basis in the interest of economy and efficiency as a logical follow-on to an order already issued under the contract, provided that all awardees were given a fair opportunity to be considered for the original order.

(d) For orders exceeding \$150,000, a statute expressly authorizes or requires a purchase be made from a specific source.

4. Unless one of the exemptions in paragraph 3 applies, the Ordering Contracting Officer will initiate the order process as follows to satisfy the aforementioned fair opportunity and competitive basis requirements:

(a) For orders with values exceeding \$3,000, but not exceeding \$150,000: The Ordering Contracting Officer must provide all AIT-IV Contractors a fair opportunity to be considered. However, the Ordering Contracting Officer need not contact each of the AIT-IV Contractors if there is information available to ensure each Contractor is provided a fair opportunity to be considered. The Ordering Contracting Officer may exercise any method of order placement procedures that satisfies the requirements of FAR 16.505(b)(1). For example, if an order is for FFP CLINs/SLINs only and the selection decision will be based on price alone, the Ordering Contracting Officer could satisfy the fair opportunity requirement by considering each Contractor's total price for the required items using the applicable contract prices and issue an order to the lowest priced Contractor. However, if the order contains TES the Ordering Contracting Officer must issue a proposal request to the AIT-IV Contractors (reference the paragraph entitled "Task Order – Technical Engineering Services (TES)" of this Part).

(b) For orders exceeding \$150,000: The Ordering Contracting Officer will issue a proposal request to all AIT-IV Contractors, which includes a description of any supplies to be delivered and any services to be performed and the basis upon which the selection will be made. If the order contains TES, the proposal request shall include a Statement of Objectives (SOO), a Performance Work Statement (PWS) or a Statement of Requirements (SOR), depending on the nature and complexity of the requirement. Additionally, if the order is estimated to be in excess of \$5,000,000, the proposal request shall also include the significant evaluation factors and subfactors and their relative importance and if award is to be made on best value basis, a written statement documenting the basis for award and the relative importance of quality and price factors.

5. Price must be considered in every selection decision. Additional selection criteria for the orders may consist of, but not be limited to, such factors and/or subfactors as: Technical, Management Plan, Past Performance, and/or Small Business Participation.

6. The AIT-IV Contractors are encouraged to respond to all proposal requests by the specified submission date. The Contractors' proposal shall contain sufficient detail to permit the Government to evaluate the proposal, in accordance with the stated evaluation criteria. If the proposal is for TES, the proposal shall comply with the requirements identified at the paragraph entitled "Task Order – Technical Engineering Services (TES)" of this Part. At the discretion of the Contracting Officer, the Government reserves the right to require all Contractors to respond to any particular proposal request.

7. The Contractor is responsible for all bid and proposal costs incurred in performance of the contract.

8. Performance under orders shall commence only after the receipt of an executed order via facsimile or e-mail, signed by the Ordering Contracting Officer. The Government shall not be obligated to reimburse the Contractor for work performed, items delivered, or any costs incurred, nor shall the Contractor be obligated to perform, deliver, or otherwise incur costs except as authorized by duly executed orders.

9. The Government reserves the right to withdraw and cancel an order at any time prior to execution if issues pertaining to the proposed order arise that cannot be satisfactorily resolved. The Ordering Contracting Officer's decision on each order shall be final and shall not be subject to protest under FAR Subpart 33.1, Protest, except for a protest that the order increases the scope, period, or maximum value of the contract or a protest of an order valued in excess of \$10,000,000. The ACC-RI Ombudsman will review complaints from the AIT-IV Contractors and ensure that all Contractors are afforded a fair opportunity to be considered for each order, consistent with the procedures in this contract. The designated Ombudsman is:

10. The Government may unilaterally change these ordering procedures at any time and at its sole discretion.

(j) Ordering of Hand Held Terminal (HHT). Any HHT delivered under this contract shall be certified non-incendive (NI) in accordance with Part D, paragraph "Hazardous Environment." The HHTs do not need to meet the NI certification at time of contract award. The Government may issue orders for the HHT-C and HHT-D at any time after the effective date of the Notice to Proceed. The Government may, prior to issuance of an order for an HHT, request the Contractor to provide evidence of meeting the NI certification requirement. In the event the Contractor cannot provide such evidence, the Government will not be obligated to consider the Contractor for award of any order requiring delivery of HHTs meeting the NI certification requirements until such time as the Contractor provides evidence of NI certification. To allow Contractors the opportunity to obtain NI certification for HHT-A, HHT-B, HHT-E (if provided), and HHT-F, the Government will not order those HHTs and associated items for 90 days after the effective date of the Notice to Proceed (which is 24 July 2009). The Government reserves the right to order the HHT-A, HHT-B, HHT-E (if provided), and HHT-F, and associated items that comply with the NI requirements in Part D, paragraph "Hazardous Environment" beginning 91 days after the effective date of the Notice to Proceed (which is 24 July 2009).

(k) Task Order – Technical Engineering Services (TES).

1. Upon receipt of proposal request for TES, which includes a description of the tasks; the Contractor shall submit a price proposal as soon as possible, but not more than fifteen workdays after receipt of the request unless so agreed to by the Ordering Contracting Officer. The Contractor's proposal shall contain sufficient detail to enable the Government to determine the acceptability of the proposal and shall include, as a minimum:

(A) A brief description of the technical approach which demonstrates the Contractor's understanding of the task(s);

(B) Proposed timeline schedule;

(C) Proposed labor categories from the Master CLIN listing and the number of hours for each category;

(D) Proposed Incidental Materials including price and description of each item (see paragraph "Incidental Materials" in this Part) and;

(E) Proposed price for Travel with a breakout of airfare(s), per diem, rental car(s), and any other travel-related expenses.

(F) For turnkey proposals only:

(i) Proposed AIT-IV hardware and software CLINs/SLINs required for the proposed solution, and

(ii) Any required Government-furnished AIT and Active RFID hardware and software and the associated logistical requirements (e.g., locations and dates for the Government to furnish the items).

2. The Government will negotiate a total firm-fixed price for the effort, excluding incidental materials. This firm-fixed price will include all labor, travel, and per diem required to complete the effort and will be included in the task order at CLIN 0059. If applicable, the Government will negotiate a separate firm-fixed price for the incidental materials, which will be included in the task order at SLIN 0063CA. The incidental materials shall be consistent with paragraph entitled "Incidental Materials" in this Part.

3. Travel and per diem shall be consistent with the then current rates, requirements, and limitations applicable to Government personnel in the Federal Joint Travel Regulations or other applicable regulation.

(l) Incidental Materials. Incidental Materials shall only include those items/materials necessary to complete the installation service ordered in accordance with the paragraph entitled "Task Order – Technical Engineering Services (TES)" in this part. The price for the items/materials shall be negotiated on a firm-fixed price basis for each task order, if required (reference paragraph entitled "Task Order – Technical Engineering Services" in this Part). The total negotiated price for incidental materials for each task order shall not exceed \$50,000.

(m) Use of Governmentwide Commercial Purchase Card. The following describes the procedures to be used for ordering items under this contract by using a purchase card. This option to order by use of the purchase card is strictly an alternative method of ordering by the Government and may be used in place of ordering by other order forms that comply with FAR 12.204. The Government reserves the right to unilaterally terminate the use of the purchase card at any time.

1. All ordering offices may use the purchase card as an alternative method of ordering and paying for purchases made under this contract. Purchase card orders are subject to all terms and conditions of this contract, unless otherwise stated in this provision or another provision in this contract. **Purchase card orders that exceed \$3,000 in value are required to follow procedures stated in the paragraph "Ordering Procedures for Orders Exceeding \$3,000" in this Part C-1-1.**

2. The purchase card is specifically designed for use by the Federal Government. The purchase card is like a typical commercial credit card. However, the authorization limitations of the purchase card are more specific, i.e., only for a particular contract, monthly limitations, certain categories of products or services, etc. The purchase card will be exclusively used for official Government purchases in accordance with the prices, terms, and conditions of this contract. With respect to ordering authority, any authorized user of this contract who is an appointed, recognized Governmentwide Purchase Card holder may use the purchase card as a means of purchasing items on this contract. For purchase card orders only, this waives the requirement for use of other forms that comply with FAR 12.204. All appointed, recognized Governmentwide Purchase Card holders are subject to and responsible for complying with all the rules, regulations, and limits that come with his/her purchase card.

3. Limits for the purchase card are dictated by each using activity major command. These limits for the purchase card are the responsibility of the purchase card holder and the approving office.

4. The Contractor shall accept firm-fixed-price purchase card orders under the contract made by use of an authorized purchase card.

5. For purchase card orders only, the warranty begins on the day the order is shipped.

(n) Government Contractors' Use of Contract.

1. If it is in the Government's interest, and if supplies or services required in the performance of a Government contract are available under this contract, Government contracting officers may authorize Contractors to order items or services from the contract under the authority and procedures set out in FAR Part 51, including placing limitations on the orders (51.102(e)(4)). However, Government contracting officers shall not grant such authorization without the prior approval of the PCO. Before issuing an order, the Government Contractor shall forward the order through the Government contracting officer granting the authorization and the PCO for this contract. General guidance on submitting requests for the PCO's approval for a Government Contractor to place an order against the contract can be found at: <http://www.ait.army.mil/contracts/aitiv/aitiv.html>.

2. Title to all property acquired by a Government Contractor under such an authorization shall vest in the Government unless otherwise specified in the Government Contractor's contract. Such property shall not be considered to be "Government-furnished property," as distinguished from "Government property." The provisions of the clause entitled "Government Property," except its paragraphs (a) and (b), shall apply to all property acquired

under such authorization. Authorized ordering Contractors may use their standard commercial ordering formats to place orders under this contract and the orders shall reference the Contract Number.

3. Contractors ordering items or services from the contract shall comply with the requirements of the paragraphs entitled "Delivery Orders/Task Orders/Governmentwide Commercial Purchase Card Orders" and "Ordering Procedures for Orders Exceeding \$3,000" in this Part C-1-1.
